

Free Safety Programs offered through Delaware *Risk Watch*

The safety programs offered cover many of the risk areas addressed in the *Risk Watch* curriculum including those injury prevention lessons important in saving children's lives and reducing the risk of injury.

Kindergarten and 1st Grade classes

Poison Prevention

Stranger Safety

Bicycle and Pedestrian Safety

2nd and 3rd Grade classes

Poison Prevention

Stranger Safety

Internet Safety

Safety and Your Body — addressing bicycle helmet usage and motor vehicle safety, importance of sitting in the back seat

4th and 5th Grade classes

Bicycle and Pedestrian Safety

Internet Safety

Safety and Your Body — same as written above

Other programs partnering with partner agencies (when available)

Motor Vehicle and Airbag demonstration for 2nd, 3rd, 4th and 5th Grade classes

Bicycle Rodeo for 4th and 5th Grade classes

Safety Town for Kindergarten and 1st Grade classes

(we may ask the school to cover pizza for the high school volunteers for the program)

Presentation size is preferred as either 1 or 2 classrooms for each of the specific topic areas. The *Risk Watch* Coordinator will work with your school on a schedule for the presentations. We will make an effort to coordinate the schedule around recess, lunch and specials as necessary.

Larger groups may be acceptable for the Motor Vehicle and Airbag demonstration.
